ASSIGNMENT – 2 (Word beginners)

Nature has been in existence long before humans and ever since it has taken care of mankind and it nourished forever. In other words, it offers us a protective layer that guards us against all kinds of damages and harms. Survival of mankind without nature is impossible and humans need to understand that. If nature has the ability to protect us, it is also powerful enough to destroy the entire mankind. Every form of nature, for instance, [plants](#), [animals](#), rivers, mountains, moon, and more holds equal significance for us. The absence of ozone element is enough to cause a catastrophe in the functioning of human life. We fulfill our healthy lifestyle by eating and drinking healthy, which nature gives us. Similarly, it provides us with water and food that enables us to do so. Rainfall and sunshine, the two most important elements of survival are derived from nature itself.

Nature has been in existence for billions of years. In other words, it offers us a proof of its existence. Without nature is impossible a world that is powerful enough to destroy the

Every form of nature, for instance, is a part of our life. The absence of ozone element in our atmosphere will destroy our lifestyle by eating and drinking. Rainfall and sunshine

and it nourished forever. In the long run, survival of mankind depends on nature. To protect us, it is also

of great significance for us. We fulfill our healthy and food that enables us to survive. Nature itself.
